

PROSEAL 500 SILICONE

SANITARY GRADE SILICONE

ProSeal 500 is a premium sanitary-grade, 100% neutral cure silicone designed for high-moisture environments where hygiene, flexibility, and long-term mould resistance are essential. Ideal for bathrooms, kitchens, laundries, and food-prep areas, ProSeal 500 provides a durable, waterproof seal with outstanding adhesion to ceramic, glass, stainless steel, and most common building materials.

Advanced anti-mould protection – formulated for wet areas and high humidity

Neutral cure, low odour – safe around sensitive internal areas

Excellent adhesion to ceramic, glass, stainless steel, and painted surfaces

Flexible, waterproof seal ideal for bathrooms, kitchens, and food-prep zones
