

PROSEAL 600 SILICONE

INDUSTRIAL GRADE SILICONE

ProSeal 600 is a high-performance industrial-grade, 100% neutral cure silicone engineered for demanding construction, glazing, and fabrication applications. It delivers superior strength, weather resistance, and long-term durability across metals, glass, concrete, plastics, and composite materials. Designed for professional trade and manufacturing environments where reliability is critical.

High-strength industrial formula for construction, glazing & fabrication

Exceptional UV, weather & temperature resistance for long-term performance

Bonds to a wide range of substrates, including metals, glass, masonry & plastics

Ideal for structural sealing, expansion joints, industrial maintenance & external applications

RANGE OF PRODUCTS

• 6920B

GSA ProSeal 600 Black 300ML

Barcode : 9340885011021

• 6920C

GSA ProSeal 600 Clear 300ML

Barcode : 9340885011007

• 6920G

GSA ProSeal 600 Grey 300ML

Barcode : 9340885011038

• 6920MB

GSA ProSeal 600 Matt Black 300ML

Barcode : 9340885011052

• 6920MG

GSA ProSeal 600 Matt Grey 300ML

Barcode : 9340885011045

• 6920SST

GSA ProSeal 600 Translucent 300ML

Barcode : 93408850110840

• 6920W

GSA ProSeal 600 White 300ML

Barcode : 9340885011014
